

SINGER | Patchwork™

Model 7285Q

Feature	Benefit
Automatic Needle Threader	Sewing's biggest timesaver! This feature makes threading the eye of the needle quick and easy.
Speed Control	Easily adjust your maximum sewing speed.
6 Fully Automatic 1-Step Buttonholes	A simple, one-step process that creates balanced buttonholes.
1 Endless Buttonhole	Create buttonholes with endlessly long sides.
100 Built-In Stitches	15 Quilting, 9 Essential, 8 Stretch, 61 Decorative, 7 Buttonholes
Programmable Needle Up/Down	The needle can be programmed to stop in the highest <i>up</i> position, making it easier to remove fabric from the machine. The needle can also be programmed to stop in the <i>down</i> position which is ideal for pivoting, appliquéing and quilting.
Automatic Stitch Length & Width	Optimal settings for stitch length and width are automatically set, but can be overridden for more personalized sewing.
Extension Table Included	The included optional extension table provides a larger working area, an essential for quilting, home decor sewing or when working with a larger project.
Canvas Cover with Extension Table Pocket	Keep your sewing machine and extension table dust-free.
11 Presser Feet including 4 Bonus Quilting Feet	Expands your creative sewing and quilting possibilities.

Model 7285Q

Feature	Benefit
Top Drop-In Bobbin System	The bobbin loads from the top, so it is easy to insert the bobbin. Simply follow the illustrations pictured on the machine. The clear cover makes it easy to monitor the bobbin thread supply.
Start / Stop Button	Unplug the foot control, press the Start button and the machine sews. You are still in complete control over the speed - just slide the Speed Control Lever to the desired speed.
Heavy Duty Metal Frame	The internal rigid support holds all the mechanisms in perfect alignment for skip-free sewing and overall durability.
Horizontal Threading	Quality stitches begin with proper thread delivery. Placing the thread spool in the horizontal position allows for the thread to feed more evenly, reducing poor stitch formation and thread breakage.
Center Zigzag Taper	When tapering with the zigzag stitch, the stitch tapers to the center, not the left or right. This feature is especially valuable when appliquéing, because it provides a more attractive look when tapering into or out from a point.
Automatic Presser Foot Pressure Control	The amount of pressure exerted on the fabric by the presser foot against the feed dogs is adjusted automatically. Sew from the lightest weight tricots to the heaviest denim, without making adjustments.
Automatic Tension	This system ensures stable stitch quality regardless of fabric type.
Automatic Locking Stitch Function	Tie-off decorative and utility stitches with just a push of the Auto Lock button. Three tiny tacking stitches reinforce patterns and stitches to prevent unraveling.
Extra-High Presser Foot Lifter	Advantageous when placing multiple layers or bulky fabric under the presser foot.
