

SINGER

Confidence Quilter™

Model 7469Q

Feature	Benefit
98 Built-in Stitch Patterns	Including Basic Quilting Stitches, Applique Stitches, Decorative Stitches, and Fully Automatic 1-step Buttonholes
Automatic Needle Threader	After effortlessly threading the machine this feature automatically threads the eye of the needle!
Drop & Sew™ Bobbin System	No need to pull up the bobbin thread! Simply drop-in the bobbin and start sewing.
Fully Automatic 1-step Buttonholes	Buttonhole sewing is a one step simple process
3-Step Infinite Length Bar-Tack Buttonhole	Create a buttonholes with endlessly long sides
Adjustable Stitch Length	Optimal settings for length are automatically adjusted when choosing a stitch. They can be overridden to personalize length choice.
Adjustable Stitch Width	Optimal settings for width are automatically adjusted when choosing a stitch. They can be overridden to personalize width choice.
Stitch Locking Function/ Automatic Reverse	Tie-off stitches with just a push of a button. Reinforcing the end of the stitch ensures quality stitching and avoids unraveling.
Heavy Duty Metal Frame	This rigid support holds all the mechanisms in perfect alignment for precise sewing and durability.
25-Year Limited Warranty	25 years on manufacturer's defects; 5 years on electronic components; 1 year on labor

SINGER

Confidence Quilter™
Model 7469Q

Feature	Benefit
Electronic Twin Needle Control	Stitches are automatically adjusted for twin needle sewing with just the touch of a button. Twin needle sewing creates two parallel rows adding a decorative touch.
13 Needle Positions	Needle position can be changed for individual projects, such as inserting zippers or cording and topstitching.
Programmable Needle Up and Down	Select whether the needle is up or down when the machine stops. It is beneficial to have the needle stop in the down position when appliquéing, quilting or pivoting fabric.
Center Zigzag Taper	When tapering with the zigzag stitch, the stitch tapers to the center, not the left or right. This provides a more attractive look when tapering into or out of a point.
Automatic Tension	This system ensures stable stitch quality, whatever type of fabric is being used.
Automatic Presser Foot Pressure Control	The amount of pressure exerted on the fabric by the presser foot against the feed dogs is automatic. Sew from the lightest weight tricots to the heaviest denim, without making pressure adjustments.
Automatic Bobbin Winding Clutch	Needle bar automatically disengages when winding the bobbin, making bobbin winding safer.
Extra-High Presser Foot Lifter	Offers more clearance, which is needed when placing multiple layers of bulky fabric under the presser foot.
2 StayBright LED™ Lights	The long-lasting bulbs (100,000 hours) stays cool, regardless how long the machine is operated.
6-Segment Feeding System	This makes for much more accurate feeding of the fabric while sewing.
Drop Feed	A conveniently located lever, easily and effortlessly moved, will lower the feed dogs for free-motion embroidery, monograms, and attaching buttons.
Optimum Power Control	This is a control system that senses when additional power is required to maintain speed through thick or changing fabric conditions. This feature is most useful when sewing through multiple (6-8) layers of fabric.
Snap-On Presser Feet	No need for screwdrivers to change presser feet.

SINGER

Confidence Quilter™
